

MOOC Committee organizes

Seven Day Online Faculty Development Program

On

ICT tools for E-content development and creating MOOCs

About the FDP

The institutions of higher learning in India are facing crucial challenge in creating, nurturing and maintaining the level of quality research and teaching during this Covid-19 pandemic. The need of the hour is to develop a sound methodological base of ICT tools required to cope up with future challenges of online learning mechanism. The current FDP is an effort to abreast educationists with acquaintance of online tools available to develop E- content.

This FDP is conceptualized with the thought to deliver best teaching practices with providing liberty to access information on anytime anywhere format.

Objectives

The objective of this effort is to take the best teaching learning resources to all and to create synergies between the salient features of e- learning and traditional chalk and talk method to develop a unique content delivery mechanism, which is responsive to learners' needs. This initiative is taken to acquaint teachers to be abreast with the broadened horizons of education delivery and learning mechanism.

This FDP aims to provide acquaintance with the online tools available to build an environment for online learning and capacitate the learners to avail the benefits of eLearning mechanism.

Important dates

Duration: 8th July to 14th July

Major themes for Online Faculty Development Program

- Creating awareness for using available tools for e content creation including virtual classrooms, video recording and screen capturing
