FEEDBACK REPORT: E-WASTE MANAGEMENT AWARENESS PROGRAM

The e-Waste management awareness program organized by the Department of Computer Science at St. Xavier's College, Jaipur, was a resounding success. Featuring expert speakers from NIDS-SATYA, the event enlightened students on the critical issue of electronic waste disposal and recycling. The program included informative presentations and engaging videos that effectively highlighted sustainable e-waste practices. Students appreciated the innovative green initiative of gifting saplings instead of traditional bouquets, reinforcing the event's environmental message. Overall, the initiative was highly educational and received positive feedback from participants.

REPORT ON E-WASTE MANAGEMENT AWARENESS PROGRAMME

On 14 October 2019 Department of Computer Science, St. Xavier's College, Jaipur organized an e-Waste management awareness programme.

Electronic waste (e-waste) describes the disposal of broken or obsolete electronic components and materials. E-Waste materials may be valuable and recyclable, such as random-access memory and reusable laptops. To make students aware on electronic waste (e-waste) we were glad to have with us Ms. Geetika Myer and Ms. Maulika Garg, currently they are project officers in the well-known organization: NIDS-SATYA (Institute of National Development Studies and Action). The programme started with the unique green initiative taken by St. Xavier's College, Jaipur using saplings instead of bouquets to greet guests at various occasions. The guests were felicitated with a sapling as a token of our gratitude by Dr. Sheila Rai, Principal, St. Xavier's College Jaipur. After the felicitation, we gave an outlook on e-waste management by showing a video. After the video, Jovina (BCA 1) and Vijay (BCA 1) presented a ppt about the E-Waste management awareness program. After the ppt, our guests delivered the speech to the audience by showing a video. The e-waste management awareness programme ended with a vote of thanks proposed by Mr. Aniket Bhatia (BCA 1).

FEEDBACK REPORT: WORKSHOP ON ROBOTICS

The Robotics Workshop organized by the Department of Computer Science was an enriching experience for all participating students. Held in collaboration with TechieNest, the workshop provided hands-on learning opportunities in coding with Arduino boards. Working in teams enhanced collaboration and problem-solving skills among the students. The prospect of competing in the AIRC finals at IIT Kanpur added excitement and motivation to the workshop. Coordinated by Ms. Pushpanjali Saini and Ms. Vaishali Singh, the event was well-organized and facilitated smooth learning. The opportunity to apply the skills learned in the workshop to a project for the competition further motivated students to excel. Overall, the workshop not only provided valuable technical knowledge but also opened doors for students to showcase their talents on a national platform.

REPORT: WORKSHOP ON ROBOTICS

The Robotics Workshop, hosted by the Department of Computer Science on November 5, 2019, in collaboration with TechieNest, proved to be a highly rewarding experience for all participants. Under the adept coordination of Ms. Pushpanjali Saini and Ms. Vaishali Singh, the workshop offered an intensive hands-on learning environment where students could delve into the intricacies of coding using Arduino boards.

Working in teams, the students enhanced their collaboration and problem-solving skills, pivotal in the field of robotics. The workshop's excitement was further amplified by the opportunity to compete in the AIRC finals at IIT Kanpur, providing a significant incentive for students to apply their newly acquired skills in a competitive setting.

This practical application was particularly motivating, as students looked forward to showcasing their talents and technical prowess on a prestigious national platform. Overall, the event was not only a conduit for technical learning but also a gateway for students to explore and realize their potential in robotics, making it a substantial addition to their educational journey.

FEEDBACK REPORT: ADD ON COURSE ON MULTIMEDIA AND VISUAL ARTS

The Multimedia and Visual Arts event received overwhelmingly positive feedback. It featured a rich array of multimedia and visual artworks, praised for its creativity and engaging format. Participants appreciated the diverse content and interactive installations, highlighting the event's dynamic nature. Organizers were commended for their flawless execution and the opportunity to engage with artists, which provided valuable industry insights.

REPORT: ADD ON COURSE ON MULTIMEDIA AND VISUAL ARTS

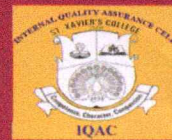

The Multimedia and Visual Arts event, held on [Date], received outstanding feedback from attendees, who were thoroughly impressed by the creativity and diversity of the presentations showcased. Participants highlighted the engaging and interactive nature of the event, particularly appreciating the variety of artistic expressions on display. The use of multiple mediums such as digital art, video installations, and interactive exhibits was especially applauded, demonstrating the dynamic and versatile nature of contemporary art.

Event organizers were commended for their excellent planning and execution, which ensured a seamless flow of activities and maintained a high standard of presentation quality. The opportunity provided to interact directly with artists and multimedia professionals was another highlight, offering invaluable insights into the creative processes and current industry trends.

Overall, the event was deemed a resounding success, fostering a strong sense of creativity and artistic appreciation among the community. Participants left feeling inspired and eager for future editions, underscoring the event's significant impact in promoting artistic expression and innovation.
