REPORT: INTERNATIONAL COMPUTER DRIVING LICENCE

The Department of Computer Science is delighted to announce the organization of the International Computer Driving License (ICDL) certification course, encompassing a comprehensive Training and Examination Process, scheduled from March 20, 2023, to May 1, 2023. This program aims to enhance participants' proficiency in digital literacy through a structured curriculum leading to the ICDL certification.

The course itinerary includes a First Diagnostics Practice Examination on April 3, 2023, serving as a preliminary assessment to qualify for the Second Diagnostics Examination on April 24, 2023. Success in these assessments is essential for eligibility to undertake the Final Examination, slated for the end of June.

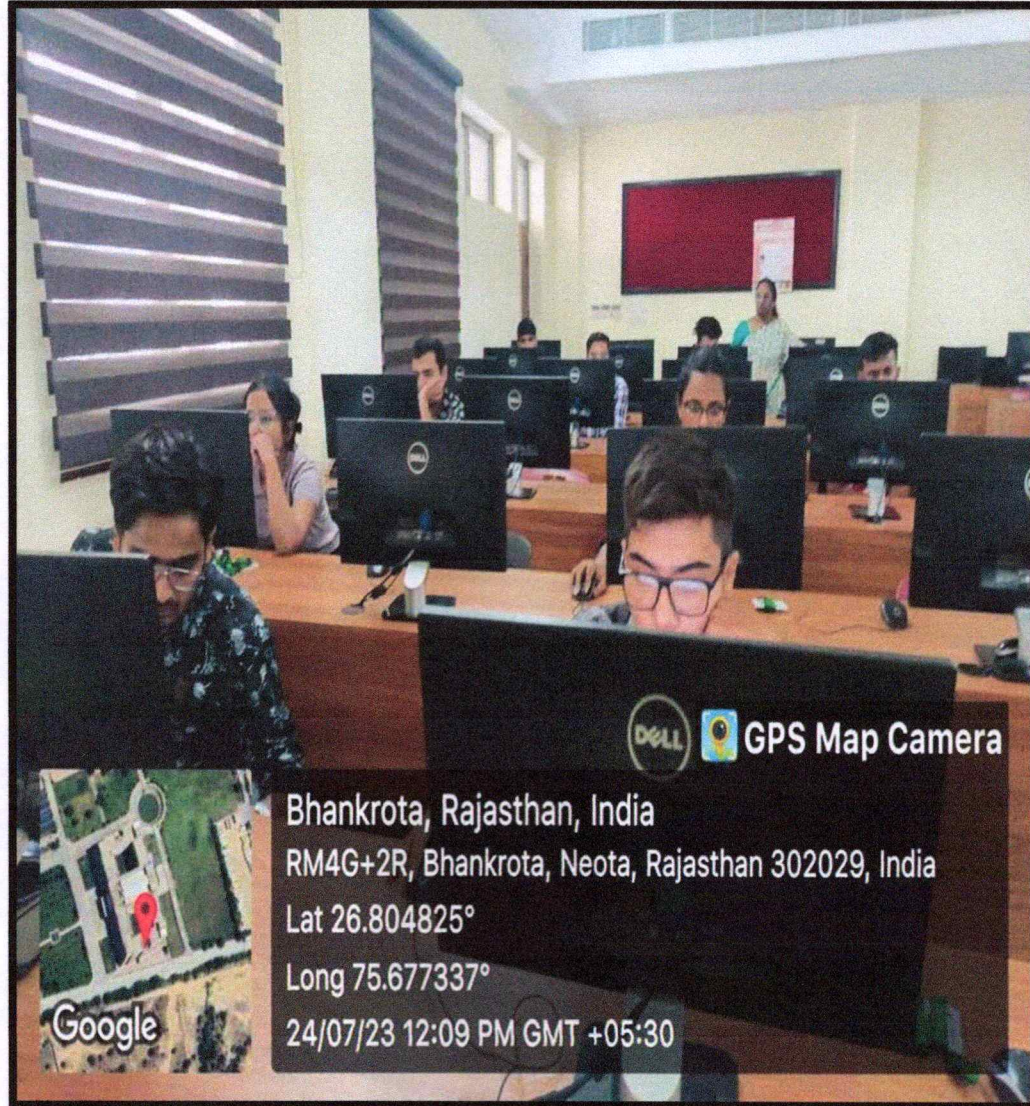

All training sessions and practice examinations will be conducted in Lab 1, from 12:00 pm to 1:30 pm. The Final Examination will also take place in Lab 1, with specific timings and the examination date to be communicated via email. Importantly, the mode of examination will be online, ensuring accessibility and convenience for all candidates. This initiative underscores the department's commitment to fostering digital competence among students, preparing them for the demands of the contemporary technological landscape.

FEEDBACK REPORT-ORIENTATION XAVIER'S CYBER SECURITY CELL

The Orientation Program conducted by Xavier's Cyber Security Cell was a resounding success. Mr. Manish Kumawat, the resource person, provided valuable insights into cyber security in higher education, preventive measures against cyber-attacks, and career prospects in the field. His discussion on specialized tools and the importance of cyber security was particularly enlightening. The interactive Q&A session allowed students to delve deeper into topics like phishing and operating systems, enhancing their understanding. The Emcees, Kratika Soni and Saniya Pareek, set the tone for the event with their engaging introduction. Sameep Rungta, the student coordinator, delivered a heartfelt vote of thanks, while Ms. Arpita Banerjee, the teacher coordinator, expressed gratitude to the resource person and students. Overall, the program provided a valuable learning experience, showcasing the dedication of Xavier's Cyber Security Cell in promoting awareness and knowledge in this crucial field.

REPORT: ORIENTATION XAVIER'S CYBER SECURITY CELL

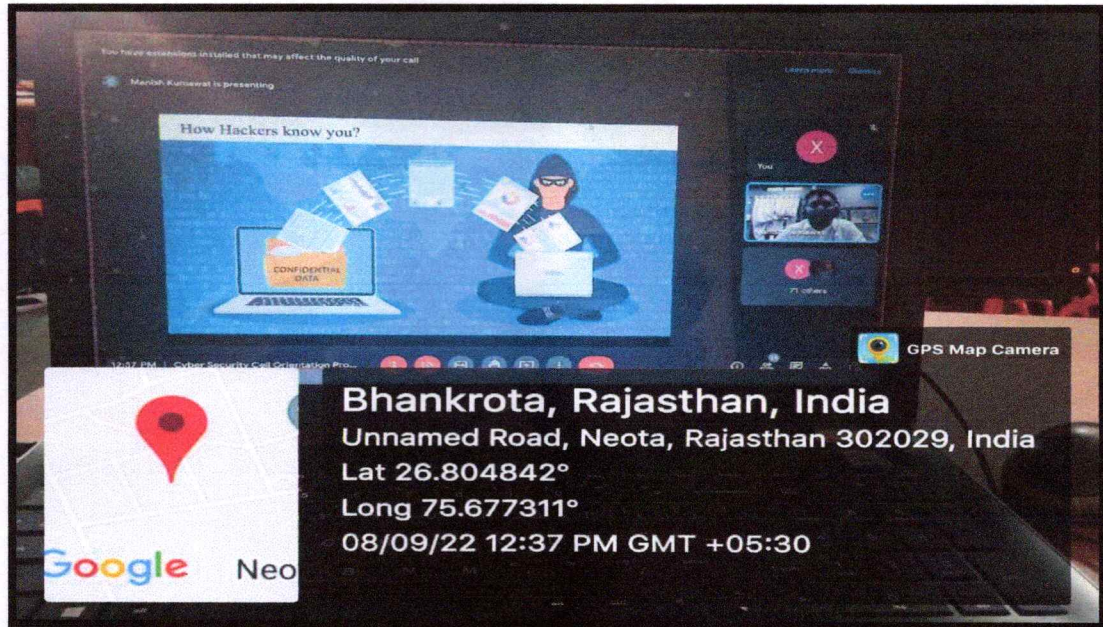

Xavier's Cyber Security Cell (XCSC) conducted an Orientation program on 8 September 2022. The resource person for the webinar was Mr Manish Kumawat (Lead, Information & Cyber Security, Iris Software). The Emcees - Kratika Soni and Saniya Pareek, started the event with salutations and introduced the resource person to the students. After that, the resource person Mr Manish Kumawat was invited on the online platform to explain to us briefly regarding Cyber Security in Cyberspace for higher education and how to prevent cyber-attacks, he also briefed us regarding a career in cyber security and gave us useful insight for its road map. He also explained about the specialized tools which can be used for higher education techniques and the Cyber Security importance. Also, after that, the webinar was kept open for the audience to ask some questions and their queries with our resource person. He answered the questions in an in-depth manner regarding phishing, cyber security tools, operating systems, etc. Then the student coordinator Sameep Rungta gave his vote of thanks through graceful words. In the end, the teacher coordinator Ms. Arpita Banerjee thanked the resource person and the students for making the orientation successful. Overall, it was a learning experience for all of us, this thought-provoking initiative was done by Xavier's Cyber Security Cell of St Xavier's College, Jaipur.

FEEDBACK REPORT: EDUCATION VISIT TO BHAMASHAH TECHNO HUB

The educational visit to Bhamashah Techno Hub was highly enriching for the students of the Department of Computer Science. They explored cutting-edge technologies and learned about the ISTART program, which supports entrepreneurs. The insights provided by mentors on startup funding and development were particularly valuable. Students left the visit inspired and well-informed about entrepreneurial possibilities, making the trip a tremendous success in fostering practical learning and innovation enthusiasm.

REPORT: EDUCATION VISIT TO BHAMASHAH TECHNO HUB

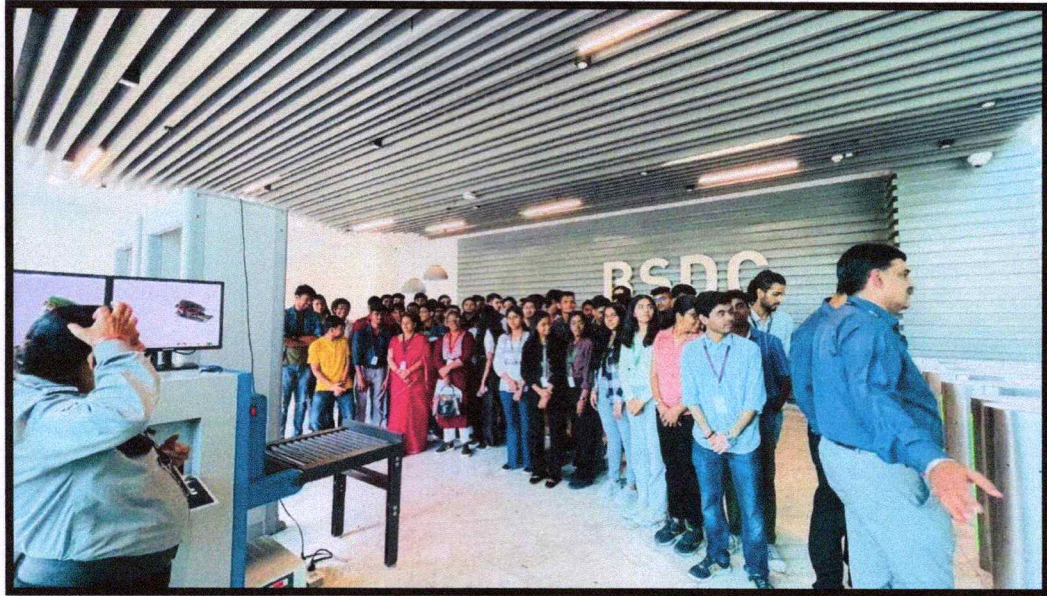

Department of Computer Science in collaboration with Innovation & Incubation Cell (IIC) is organising a *2-day Educational Visit to Bhamashah Data Center and Bhamashah Techno Hub, Department of Information Technology (DoIT), Jaipur, Rajasthan* on 13th- 14th October 2022. The students (strength, 80) along with Computer Science Faculty Dr Vaishali Singh and Ms Keren L Daniel (Head, CS) visited the Bhamashah Techno Hub, (Incubation centre, ISTART, DOIT, Government of Rajasthan), Jhalana Doongri, Jaipur.

At the Bhamashah Techno Hub, the BCA students and IIC students were received and addressed by different mentors and startup owners. The mentors gave a presentation to the students regarding the ISTART program run by the Government of Rajasthan for Entrepreneurs & Startups. After the presentation, the mentors conducted a Q & A round, where the students were advised regarding the building up of their ideas.

Bhamashah techno hub is a project by the Government of Rajasthan. The idea is to provide an entire support system to the rising entrepreneurs by helping them to pitch their ideas and to connect them with the potential investors. The incubation centre offers free space, connectivity, easier funding, mentorship and exposure to the startups. In spite of experiencing the fun of various technologies like Virtual Reality, Microsoft HoloLens and many more, students also got an additional information about 'What is i-start', funding etc.

The mentors also advised about the role of Experts in helping the students in developing their ideas and making them viable and the ease of getting the funds for running a startup directly from the government with minimal formalities. The students participated with great enthusiasm and raised several queries regarding Entrepreneurship & Start-up funding and the formalities required to be fulfilled for launching a start-up. The students also visited the Co-working space allocated to the start-ups.
