SCHEDULE FORMING PART OF BALANCE SHEET

Significant Accounting Policies

A. System Of Accounting :

Accounts are prepared on accrual system of accounting.

B. Depreciation :

Depreciation on fixed assets have been provided on written down value method at the rates prescribed under Income Tax Act 1961

C. Impairment of Assets:

The Carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based internal/external factors. An asset is impaired when the carrying amount of the asset exceeds the recoverable amount. An impairment loss is charged to the Profit and Loss account in the year in which an asset is identified as impaired. An impairment loss recognized in prior accounting periods is reversed if there has been change in the estimate of the recoverable amount.

D. General:

The preparation of financial statements in conformity with generally accepted accounting principles requires estimates and assumptions to be made that effect the reported amounts of assets and liabilities on the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Differences between actual results and estimates are recognized in the period in which the results are known/materialized.

Notes on Financial Statements year ended on 31st March , 2022

The previous year figures have been reworked, regrouped, rearranged and reclassified wherever necessary. Accordingly amounts and other disclosure for the preceding years are included as an integral part of the current year financial statement and are to be read in relation to the amounts and other disclosure relating to the current year.
