Brief Report:	<p>“In Contemplating the Past, we need to keep in mind the lapses so that our present can be mended and the future can be strengthened.”</p> <p>Pointed out, Prof. J. P. Sharma, Vice Chancellor, Mohan Lal Sukhadia University, Udaipur as he was addressing the delegates during the Valedictory Function of The two days International Seminar on “Contemplating the Past, Capturing the Present, Creating the Future” (An Interdisciplinary approach to Life) at St. Xavier’s College, Jaipur.</p> <p>The conference was appreciated as a unique endeavour to converge all learning and assimilate all disciplines and to open up a broader vision of a more cosmopolitan world view where India is the world leader of the future. The need is to take lessons from the past, toil hard in the present with a vision and march confidently into the future. Prof. Pradeep Trikha, Head Department of English, Mohan Lal Sukhadia University, Udaipur was the Guest of Honour, reiterated that India was, is and will remain the road to everywhere and encouraged the youth to be rooted in their culture while also balancing it with a broad world view, “deeper the tree, thicker the branches and cooler the shade”, he reminded.</p> <p>Shri. Ashutosh Pednekar, Commissioner of College Education and Secretary, Higher and Medical Education had presided over the inaugural ceremony of the Seminar who struck the right chords by reinforcing inter disciplinary approach and Prof. Chintamani Mahapatra, (Rector and Professor, School of International Studies, Jawaharlal Nehru University, New Delhi) as the Guest of Honour talked of time, mentioning that one can only spend it but cannot hoard it in the bank.</p> <p>Dr.. Arman Rashid, (Political and Security Analyst, International</p>

ABOUT JAIPUR

Jaipur, popularly known as the Pink City and the Pearl of India, is the capital of the state of Rajasthan in India. Founded in AD 1727 by Sawai Jai Singh II, steeped in history and culture, Jaipur is famous for its unique Architecture, Parks, Astrology, Fairs, Motifs, Festivals, Art and Craft, Culture and food. Here tradition, antiquity and the old charms of the bygone era mingle seamlessly with modernity and technology. The bustling bazaar of Jaipur, Rajasthan jewellery, fabric and shoes, possess a timeless quality and are surely a treasure-trove for all kinds of shoppers. This fascinating city with its timeless charm of history and a touch of modernity is sure to mesmerize you.

ABOUT THE COLLEGE

In 2010, the J.X.E.A. (Jaipur Xavier Educational Association) in collaboration with the Xavier Alumni and the well-wishers of Jaipur under the leadership of Rev. Fr. Varkey Perakkal, S.J., initiated a Higher Education Programme by establishing St. Xavier's College, Jaipur to continue the work that St. Xavier wanted to do - promote human fulfillment by means of training and education in India following the motto of the founder of the Society of Jesus, St. Ignace, work for "the greater glory of God" (*Ad maiorem dei gloriam*).

Since then the college has grown manifold serving the educational needs not only of the people of Jaipur but also across the nation. The college was placed as a small sapling in 2010 with just five streams—English and Economics Honours, BBA, BCA and B.Com. In 2013, two postgraduate courses were introduced owing to popular demand by parents, guardians, students and well-wishers—M.A. in English and MHRM. Today, within a short span of 8 years the college has grown into a sturdy oak with more than 2000 students further introducing Honours in Political Science and Masters in Economics and IT.

ABOUT THE CONFERENCE

St. Xavier's College, Jaipur, is always innovating and inventing ways to discover untraded pastures of learning and knowledge because we believe in building Character that is Competent and Compassionate. Continuing with its legacy to pursue excellence, the college is organizing an Interdisciplinary International Conference on
**Contemplating the Past
 Capturing the Present
 Creating the Future**
 (An Inter-disciplinary approach to Life)

The world we live in today is interconnected and is plagued with myriad problems which need holistic solutions. Undoubtedly, mankind has taken great leaps in the name of progress and development but even a cursory glance at the past would reveal that this development has been lopsided and myopic in its view. To truly actualize and realize progress, it is important to understand that none of the problems can be studied in isolation. Each and every area of advancement concerns Man and solutions to existing problems can emanate when they are studied in context. It is pertinent therefore that intellectuals, activists and those concerned for society should get together to ponder and introspect over the past, sieve the errors, weighing the pros and cons of the present while navigating towards a brighter and better future. The aim of this conference is to facilitate deliberations about the past, acknowledging that the present is not only a continuation of the bygone but also the foundation of our future. Our present today will define the future, just as the past has defined our present because without the heritage of the past to look at, it is impossible to decipher the present and without the reality of today it is nearly impossible to imagine any future. As is rightly said by Soren Kierkegaard, *Life can only be understood backwards, but it must be lived forwards*. This interdisciplinary conference aims to provide a platform to experts of different subjects to converge under the banner of the central theme through various technical sessions. Papers can be presented under any one of the technical sessions mentioned below depending upon the area of one's expertise.

*The Sub themes are not exclusive but merely suggestive to help open-up broader horizons for research
