

7.1.1 Gender Study and Women Cell Annual Report

ACADEMIC SESSION 2018-19

Gender Study and Women Cell (GSWC)
Annual Report
Session 2018-19

The Gender Study Cell Report for the academic year 2018-2019 provides a comprehensive overview of the initiatives, achievements, and challenges encountered in our efforts to promote gender equality and foster a more inclusive campus environment. Through the dedicated work of the Gender Study Cell, we have made significant strides towards advancing gender equity and addressing issues related to gender discrimination and bias.

Key highlights from the Gender Study Cell Report include:

Women Up: The teachers and students of the English department attended the second edition of the Women up Summit held from 27 -28 October 2018 at Jawahar Kala Kendra Jaipur. The 2018 Summit has Trailblazers talk about their stories - unique and often unheard narratives of women across class and caste barriers who stepped out and have not only redefined and reshaped their lives but also those of others within their communities. The session included “**you can't size my soul**” by **Dolly Singh in the conversation with Kaveri Lalchand, The Explorer: The road not taken by Nirupa Roy in conversation with Aakriti Periwa, “Changing Narratives of Women in Cinema” Vani Tripathi in conversation with Meeta Kapoor, “Handle your own baggage”, Manju Devi in conversation with Radhika Sharma.** The session deserves special mention as Manju Devi stands tall in her fraternity being the first woman kulli working for North-Western Railways. She is the sole breadwinner for her family.

As we reflect on the achievements and challenges of the past year, the Gender Study Cell remains committed to advancing gender equality and promoting a campus culture that values diversity, respect, and inclusion. Through continued collaboration and collective action, we strive to create a more equitable and just society for all.
