7.1.1 Gender Study and Women Cell Annual Report

ACADEMIC SESSION 2022-23

Gender Study and Women Cell (GSWC) Annual Report Session 2022-23

1. About the Committee:

Gender studies is an interdisciplinary field of study that examines the social, cultural, and historical constructions of gender and their impact on society.

St Xavier's College aims to sensitize students regarding gender issues. Gender Studies in the college includes sensitizing students and making them aware of various sensitive issues and problems faced by women & LGBTQ. Gender studies and women cell aims to create an all-inclusive society so that students could accept and honor all kinds of human existence. GSWC is also an attempt to create a band of intellectual and sensible students who understands the fact that people are born with certain genders naturally and they may not fall in common genders, they should be accepted whole heartedly.

Women cell in the college is dedicated to addressing issues related to women's rights and gender-based violence. The purpose of a women cell is to provide a safe and supportive space for women to report and discuss instances of harassment or abuse in the society as a whole, and to take steps to address these issues and promote gender equality.

Gender studies and women's cells are closely related, as both are focused on promoting gender equality and addressing issues related to gender-based discrimination and violence. Gender studies provides a theoretical framework for understanding the ways in which gender shapes social, cultural, and political dynamics, while under women's cells extension activities are undertaken wherein health and general well-Overall, gender studies and women's cells are important tools for promoting gender equality and advancing the rights of women around the world.
