Ref: SXCJ/ACAD/2024-25/0353

17 August, 2024

## IMPORTANCE OF ATTENDING CLASSES

This is to bring the attention of all **the importance of attending classes**. The First & Third Semester NEP batches have added advantage of balancing classes with extra-curriculars in a more meaningful manner. We also encourage the present Third years and PG (Previous and Final) students to follow the same for the following reasons:

1. **As per Honourable Rajasthan High Court order and the University of Rajasthan norms, 75% attendance** is mandatory for regular students in all courses and for appearing in End of Semester Examination (EoSE).
2. **Preference in Students' Council:** The Students' Council is the representative body of the college students. Thus, higher standards of academic excellence and Xaverian qualities of competence, character and compassion are expected from them. Preference would be given to those students who fulfil the minimum requirement of 75% attendance.
3. **Criterion for Participation in Cultural Activities:** 75% attendance will also be the criterion for allowing students to participate in cultural activities, both in the college and representing college in the inter-college events.
4. **Increase in Academic Credibility:** Regularity in attending classes also increases your academic performance, academic credibility and overall knowledge of the subject. Nothing can replace classroom learning as it involves human bonding, warmth, student-teacher relationships and friendship among peers.
5. **LORs from the College:** Students aspiring for higher studies abroad or within the country would require Letters of Recommendations. LoRs would be given to students who had been regular in attending classes and fulfilled the requirement of 75% of attendance.
6. **Transportation Scholarship:** As mentioned a number of times, students seeking transportation scholarship for the semester would have to fulfil 75% attendance and reflect regularity and sincerity towards academics.
7. **Special Library Award:** Students with 75% attendance and a certain number of Library Hours in every semester would be given Special Recognition in terms of Awards that would be helpful when they apply to other universities for higher education or seek transfer of credits.
8. **Department Awards:** All department awards are directly linked to attendance. Attendance is an important component of calculating scores for every department award that are given during the Farewell Ceremony.
9. **Special Attendance Awards:** Students having 100% attendance are recognised and honoured for their special commitment towards academics. Such recognition is valued both by institutions of higher education as well as employers.
10. **Learning and Experiencing College Life:** Regularity in class ensures that students learn from contexts both in the classroom and on campus. The learning gained through interaction with the management, teachers, peers, seniors, supporting staff teaches valuable life lessons no books or search engine can teach.

The entire Xaverian family urges you to make the most of your college years in learning lessons both from books and outside books, forging lifelong relationships, gaining invaluable experiences, and making the best of memories as you live through these years.

Looking forward to seeing everyone in their classes from 20<sup>th</sup> August 2024 onwards!

Principal
