Date: 25/09/2025

### EDUCATIONAL VISIT (03-10-2025)

The **first week of October** is celebrated as **Wildlife Week**. To mark this occasion, the **Department of Science**, in collaboration with the **Swachhta Action Plan (SAP) Committee**, is organizing an **Educational Visit to Nahargarh Biological Park, Jaipur**, on **Friday, 3 October 2025**. This visit supports **SDG 15: Life on Land**, offering practical learning on biodiversity, sustainable resource management, and ecosystem connections. It links classroom knowledge with real environmental challenges, fostering responsibility for conservation and global sustainability.

The key objectives are:

- Students will observe and document diverse plant and animal species to understand their ecological roles and the need to preserve natural habitats.
- They will gain hands-on experience in ecological surveys and species identification, improving data collection and scientific observation skills.
- The program will nurture responsibility for wildlife protection and the sustainable use of natural resources.
- By connecting theory to practice, it will encourage community engagement and inspire actions to conserve biodiversity, address climate change, and uphold India's 2030 Sustainable Development Goals (SDGs).

Students, kindly register your name with the coordinators.
